Night Shoots

Shooting under the lights has been a huge success. It is very different to shoot in the dark. You can see the muzzle flash and watch the dust fly off the birds.

NRL 22 Rifle

How far can you shoot your .22?

We have several experienced shooters willing to help sight in, gather data, get hold over info, coach and more. Our only equipment requirement is all rifles must be .22 LR caliber. A good scope will help a lot.

Lakeshore News

WINTER 2020-2021

2020 Club Highlights

President's Message

Along with the change of season, members of the Lakeshore Conservation Club can look forward to additional shooting opportunities this fall and in the 2021 season! While the world is tired and frustrated with the pandemic, I am grateful for our Board of Directors that supported an expansion of Trap, Skeet, Five Stand and Rifle League opportunities while providing a safe and fun experience for all to enjoy.

We delayed some larger projects and fundraisers while turning our focus to shooting opportunities for our members and guests. Let us be honest, 2020 disappeared in a blink of an eye as we were busy throughout the summer and we like it that way! Our traditional trap and skeet leagues continued as normal while we added leagues for Five Stand, Trap Doubles and NRL22 Rimfire. We hosted Jackpot Shoots, Meat Shoots, a Fish Fry, Night Shoots, Fall Youth League, Ladies Day and are looking forward to hosting two separate Christmas Ham Shoots at the end of November and in the middle of December to round out the year.

As we look forward to the 2021 season, we will be adding additional events such as Small-Bore Trap, Skeet and Five Stand Leagues. We will be hosting several Ladies Events, multiple National Shooting Sports Foundation First Shot – Introduction to Clay Shooting Events, Paralyzed Veterans Shoot Fundraiser, Registered ATA Shoots, the Ted Lundrigan Memorial Shoot and NRL22 Leagues. We also committed to hosting and planning the first annual "Shooting Clays to End Hunger," partnering with Outreach Program – Kids Against Hunger in Nisswa! As you can see, we have an ambitious schedule for all to enjoy! Please look at the calendar of events on our website for more details.

We are excited about the 2021 LCC Wild Game Dinner and Fundraiser. With a little luck the virus will relax so we can move forward as planned. This event is our largest fundraiser and specifically supports our High School Clay Target Teams, 4H Sports and Collegiate Clay Target Teams. We will continue to update you about the dinner and appreciate your patience and understanding.

I would like to acknowledge the loss of one of Lakeshore Conservation Club's lifetime members and heroes on August 30, 2020. Ted Lundrigan, 72 was an active member, avid grouse hunter, author, founding member of Deep Portage Learning Center and was passionate about hunting and shooting. We will miss you Ted! His obituary is available at Kline Funeral Home.

Finally, I would simply like to thank all of you for your continued support of the club. We are all working together for our club and supporting our 2nd Amendment rights. We provide a safe environment and opportunities that are hard to find anywhere else. I would also like to thank the board of directors for supporting an ambitious schedule and donating your precious time and talents. It is because of you this club continues to grow and remain financially strong.

I encourage all club members to get more involved with the club and areas of interest. I have made some lifelong friends by doing so and hopefully that is the legacy you choose to leave.

Respectfully,

David Grell – 2020 Board President

Sight-In Days

We had four nice days for the annual sight-in. Approximately 36 shooters (23 non-members) took the opportunity to practice and check their equipment before hunting. Thank you to all the volunteers that helped those days.

John Cumming

Paralyzed Veterans of America

Central Lakes College

Competed in the 2nd USA Collegiate Clay League. They fielded 11 shooters for the 250 round fall league. Most team members had previous shooting experiences in High School which brought some great shooting. Elena Uhlenkamp lead trap with a 22.5 average followed by Cort Schuman 22.2 and Issac Malone with 22.1. Garret Rother lead in Skeet with a 22.1 season average. The Team thanks Lakeshore Gun Club for their continued support and future success. Club Members Mike Hammer and Steve Weagel volunteered as Team Coaches.

Order yours today!
